"Oh to be a boy again!" was the title of an editorial that appeared in The Shorthorn World when the above picture was used on the front cover of the breed magazine. The boy is Rickey Stander, grandson of consignor Carl H. Stander. The heifer is Clay Hills Maude 8th by Oakfield Air Control. Both the boy and the heifer represent three generations of Stander breeding. The heifer will be sold in this sale. The boy is not for sale at any price. If you want to see how this heifer looks today, study Lot 30.

# FOREWORD

You are cordially invited to attend the Stander-Davidson-Evans Sale at Columbus, Ohio, on October 16th.

This is a planned sale. The owners, who maintain three of Ohio's strongest herds, have selected their best in order to provide an offering that will appeal to the most discriminating buyers. They intend that this shall be an annual event. Many of the cattle in the offering are from 1947 show herds. The three consignors to this sale are among the owners of the world famous sire IMP. PITTODRIE UPRIGHT and this annual sale will be one of the principal outlets for his get and service. A few heifers guaranteed in calf to him are included in this sale.

This is not just another ordinary sale offering. It is an offering that deserves the attention of every cattleman who knows and appreciates the type, quality and character that can come only from strong ancestry.

HAL LONGLEY, Sale Manager

At the left is shown the sweet heifer Elmhurst Myrtle 2d that will sell in this sale. Her picture arrived too late to print it on the same page with her pedigree. She is Lot 17 in this catalog and the man who buys her will be very fortunate.

# Standard Guarantee of American Short-horn Breeders Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase or by the time the bull is 20 months of age if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

**IMP. PITTODRIE UPRIGHT 2380873**

He is too widely known to need extended comment. After winning the Supreme championship at the 1946 Perth Show in Scotland, he was purchased at 14,500 guineas by Sni-A-Bar Farms. When this famous herd was dispersed, 16 enterprising Ohio breeders, including the three who are making this sale, bought him at \$34,000. He is generally recognized as the most perfect beef bull ever used in this country. Several heifers guaranteed in calf to his service will be offered in this sale.

# The Davidson Consignment . . .

The first 21 animals listed in this catalog are from the Elmhurst Herd, owned by F. S. Davidson, Lima, Ohio. This herd of over 100 head was founded by the purchase of top specimens from several of the most noted herds in the United States and Canada. Some heifers were also imported from Scotland and these proved to be valuable additions. The two senior herd sires, Edellyn Modern Mercury and Divide Commando, have made enviable records and 19 of the 21 choice animals in this consignment are by them. Featured also will be the service of the new imported bull, Naemoor Magnate, a grandson of the famous Cruggleton Perfect.

At the left is shown Elmhurst Model Supreme, one of the grand young bulls selling in this sale. He is lot 1 in the catalog.

Divide Commando, photo taken as a yearling. He is one of the two senior herd bulls at Elmhurst Farm. His sire was the noted champion and sire of champions, Duke of Killearn. His calves are outstanding in type and quality. Be sure to inspect them on sale day.

Clay Hills Beauty 3d—A young cow with first calf at foot. The calf is a red heifer, born June 12, 1947, and sired by Oakfield Air Control. The pair are from the good Lynegar Beauty family, produced for several generations in the famous A. C. Shallenberger herd. Her dam and granddam were both outstanding, short legged, good type, dark red cows in our herd. We sold this young cow as an open heifer to a customer who had the misfortune to lose his barn and crops by fire, after which we repurchased her. While in his possession he dehorned her for personal reasons. She had a nice head and horn and will naturally reproduce that kind. She is rebred to Oakfield Air Control. A 3-in-1 proposition.

Augusta 118th—A real top cow selected by many visitors to the farm as one of our best. Because we have seven members of the Augusta family that are producing well for us, we were anxious to include a good representative in this sale. This is a young cow and her bull, also selling in this sale, will show what she produces. We are keeping her last calf bred May 12th to Scotston Liberator.

Sunnyhill Rothes 3d—This heifer is not carrying the proper flesh, but when you consider her age, inspect the heifer calf she is nursing, and note the udder she carries, you will excuse her. She is a daughter of Imp. Royal Edwin and few of these are ever exposed for sale in this country. She sells with a heifer calf, born July 19th, and sired by one of our best sons of Imp. Royal Edwin.

Cecelia's Maid 3d, shown above, is now in the herd of A. H. Miller, Benton, Ohio. She is a half sister to Cecelia's Maid 4th, Lot 54 in this catalog.
